located in a frightened divided deceitful and possibly disintegrating america many skillfully delayed revelations privately and publicly astute confirming that the writer's joke about genius in his debut title was not entirely misplaced the gaurdian eggert can write about pretty much anything and make it glitter and somersault on the page dazzling and highly original michiko kakutani the new york times possibly the most admired and emulated american author of his generation independent one of the country's leading literary eminences washington post a story about someone who takes revenge against the world

because he can't fathom how he fits into it this is a one sitting read insightful usa today the faint echo of plato's dialogues raising questions about the appropriate relationship between authority and compassion kirkus as is always true with eggert those ideas laid out here in quasi socratic dialogue are inherently interesting i can think of few contemporary american writers who convey such a sense of urgency about the mess we're in or how important it is that we like the israelites surrounding zechariah resurrect the once glorious temple eggert pulls no punches eggert makes these points even as he simultaneously
