In the Moment of Greatest Calamity 2021-06-08 from early first wave programs such as candid camera an american family and the real world to the shows on our television screens and portable devices today reality television consistently takes us to cities such as new york los angeles and boston to imagine the place of urbanity in american culture and society jon kraszewski offers the first extended account of this phenomenon as he makes the politics of urban space the center of his history and theory of reality television kraszewski situates reality television in a larger economic transformation that started in the 1980s when america went from an industrial economy when cities were home to all classes to its post industrial economy as cities became key points in a web of global financing expelling all economic classes except the elite and the poor reality television in the industrial era reworked social relationships based on class race and gender for liberatory purposes which resulted in an egalitarian ethos in the genre however reality television of the post industrial era attempts to convince viewers that cities still serve their interests even though most viewers find city life today economically untenable each chapter uses a key theoretical concept from spatial theory such as power geometries diasporic nostalgia orientalism the imagination of social expulsions and the relationship between the country and the city to illuminate the way reality television engages this larger transformation of urban space in america

Isadora 2003 how one man brought the olympics to los angeles fueling the city s urban transformation dreamers and schemers chronicles how los angeles s pursuit and staging of the 1932 olympic games during the depths of the great depression helped fuel the city s transformation from a seedy frontier village to a world famous metropolis leading that pursuit was the prince of realtors william may billy garland a prominent figure in early los angeles in important respects the story of billy garland is the story of los angeles after arriving in southern california in 1890 he and his allies drove much of the city s historic expansion in the first two decades of the twentieth century then from 1920 to 1932 he directed the city s bid for the 1932 olympic games garland s quest to host the olympics provides an unusually revealing window onto a particular time place and way of life reconstructing the narrative from garland s visionary notion to its consequential aftermath barry siegel shows how one man s grit and imagination made california history
